

Public Agencies and Schools

GUIDING PUBLIC AGENCIES AND SCHOOLS

Ball Janik LLP's Public Agencies and Schools practice is an industry leader in Oregon. Our attorneys have represented Oregon public agencies in a host of matters including development, acquisitions and dispositions of property, administrative and regulatory law, contract, construction and litigation work. We have represented some of the largest public school districts in the State of Oregon with their strategic planning for future facilities, procurement and construction programs. In particular, we provide proactive strategic and legal advice to work through the procurement, design and construction process. We have successfully represented public agencies and school districts on a gamut of other issues including land acquisition, zoning and permitting, condemnation negotiation and litigation, construction dispute and warranty resolution, and Title IX consultation and analysis.
